VOLUME NUMBER 96 CAMERON, MILAM COUNTY, TEXAS, THURSDAY, December 22, 1955 NUMBER 37

# School Bonds Passed By Topheavy 4 To 1 Vote
# Federal Housing Authority Is Re-activated

Voters of the Cameron Independent School District thought four to one that $225,000 in bonds was reasonable to carry out the policy of the school board in erecting a new school building on the O. J. Thomas grounds.

Raising tax to $1.50 per 1,000 carried 248 for 63 against. Assuming present bonded indebtedness 240 for and 63 opposed. For bonds 255 for and 61 opposed.

John Brandenberger of Houston Fiscal Agent for the school board advised by phone following a report of passage of the issue that "As soon as practicable after January 1 that the bonds will be advertised for sale to the highest bidder. The sale of bonds in the amount of $390,000 sold for barely over three percent in the last sale of School District bonds. 18 investment houses were represented at the sale.

"It appears that the plans suggested by the Citizens Advisory Committee headed by Hilliard Thomas and Willie Anderson and worked out by the school board was acceptable to the patrons," said Chairman C. G. Swift following the final tallies.

Swift called a meeting of the board, in the office of the School Superintendent for Wednesday evening to canvas the votes and to take other steps preparatory to sale of the bonds in January.

City Attorney Baskin was ordered Tuesday night by vote of 3 to 2 to draw a contract granting a ten year overall option to present Airport Manager Rogers in return for a release on five acres of the municipal property which has been sold to the state for construction of a Highway Department facility.

Voting for the new lease was Councilmen Weems, Schiller and Griffin. Opposed to the lease was Thompson and Stidham.

The contract will run along lines of the last negotiation agreement and will bind Rogers to pay all upkeep on the airport and properties, keeping all hangars and buildings in as good shape as they are today.

Re-implementing of the Federal Housing Authority with Narvie L. Caperton as chairman and Bill Arthur and Arthur Kunz as members was accomplished.

The Housing Authority set up in 1953 did a lot of work and had gotten fifty units allotted when the Federal Government folded the whole operation. Now it has been revived and the Cameron Authority has been advised that it can take up where it left off. Two new members will be appointed to the authority and Caperton said that resolutions will be presented to the next meeting of the council. New sites, he said, must now be obtained.

## Ad Hall Couple Plan Open House On Christmas Eve

Mr. and Mrs. Hugh Baker of the Ad Hall Community will celebrate their Golden Wedding Anniversary December 24.

Open House will be held at their home from 2 to 5 p.m. and at that time they hope to meet all their friends and relatives who wish to call.

## Special Services Scheduled At All Saint's Episcopal

Christmas Eve services at the All Saints Episcopal Church in Cameron will be at 10 p.m. conducted by Dean of the Episcopal Seminary of the Southwest, Austin, Texas.

Dean Gray Blandy will serve Holy Communion at that service.

On Christmas the Reverend Ed Flinn of the Grapevine, Texas will serve Communion and preach at 11 a.m. and again on Monday following Christmas Rev. Flinn again will hold Communion Services at 9 a.m.

## Burris-Moseley Annex Entered; Fireworks Taken

Burglars entered the Burris-Moseley store annex in Cameron sometime Sunday night and "selected" approximately $100 worth of fireworks and took a sum of change left in the cash register.

The entry was through the rear of the building and heavy instruments were used to pry open the interior door. Unable to find the light switch or not caring to turn on the lights the intruders used lighted paper to find the way around the warehouse. The evidence of the paper having been burned was all over the floor. The city police have the case under investigation.

## Mexican Baptist Church Scene of Christmas Party

The Mexican Baptist Mission was the scene of a Christmas party Monday afternoon for the Sunbeam band sponsored by the Young Women's Auxiliary and the Girls Auxiliary of the First Baptist Church.

Approximately 51 were present around the Christmas tree. Barbara Jo Young told "The Christmas Story". Games were played, songs were sung and a gift was presented to each child.

Leaders Mrs. O. G. Tumlinson and Mrs. A. E. Jones served punch and cookies.

## W. E. "Bill" Kuehl In Newton's After Heart Attack

Mr. W. E. Bill Kuehl, 1704 N. Travis suffered a coronary acclusion last week and is at the Newton Hospital, Dr. Crump attending.

Reports Tuesday were that Mr. Kuehl is progressing but that he is a "Very sick man."

Members of the First Baptist Church have been in bedside attendance with their decaon and brother, around the clock.

**Caldwell Pilgrimmage Attended**

Three members of the Civic Garden Club, on Thursday Dec 15 attended a Garden Club Pilgrimmage in Caldwell.

## Guard Receives Pay Totaling Nearly $6,000

Just in time for Christmas, the officers and enlited men of Battery C, 649th Anti-aircraft Artillery Battalion have received their check in payment for Armory drills for the last pay period, the local National Guard unit reported today.

No exact fugures are available at this time, but it is estimated that checks for Battery C's payroll totalled approximately estimately $5,500.00.

The checks were mailed to the local Guardsmen late last week from the Army Finance Office, Fort Sam Houston, at San Antonio.

Battery C also announced that that no Armory drill periods are to be held during the Christmas holidays. The unit's next training session will be held on January 3, 1956.

## Mrs. W. A. Morrison In Austin Awaiting Aide's Recovery

Miss Anna Laser, longtime companion to Mrs. W. A. Morrison Sr., has been seriously ill in the St. Edwards Hospital but was showing improvemen Tuesday morning.

Mrs. Morrison has returned home with Judge Bill Morrison in Austin until such time as Miss Laser is well and able to care for her.

# Dolls Told To "Read More" In Herald-Library Display

The Cameron Public Library has now taken over the second window at the office of the Cameron Herald for displays promoting the Library theme READ MORE.

The first of the "Read More" windows carries besides a stack of suggested reading available at the Library the verse "Books are keys to wisdom's treasure — books are gates to lands of pleasure."

The second window, designed with an open Bible as the central theme and repeating the slogan READ MORE. As an attraction, this display includes a replica of a church most nearly like an Episcopal church peopled by hand made dolls, as a congregation plus choristers, an acolyte bearing a cross and a minister in the pulpit "Laying the law down to his congregation" to READ MORE of the Bible and the other good books to be found at the Cameron Public Library.

During Holy Week, the Radio, Television firm of Dennis Kubecka has installed a loud speaker system from which hyms are played nightly, complementing the unique church display and adding to the Holy theme of the week.

There are many wonderful scenes in town including the elaborate Manger scene on the lawn of the First Baptist Church reviewing in graphic manner the nativity of our Lord and Saviour. This scene is again portrayed at the Ben Milam School while other displays around Cameron create a desirable Christmas atmosphere with beautiful displays of tinsel, lights and the display of the annual wish among all men of good-will "MERRY CHRISTMAS."

## First Methodist Ladies Do Santas Work For Vets.

The Women's Society of Christian Service of the First Methodist Church met in the Fellowship Hall on Monday afternoon for the Annual Christmas party. A gaily decorated tree stood at one end of the hall and the dining table with a bright red cloth and centered with a snowman surrounded by evergreen held the refreshments which consisted of applesauce cake, cheese dip and fritos, and Russian tea.

Mrs. W. A. Bonds, president, Mrs. E. J. Davis, who led the group in singing Carols. Mrs. Hilliard Thomas was accompanist. Mrs. Grady Stidham brought the devotional.

The group filled 100 stockings with fruit, nuts, candy and gum. These stockings go, from our local society, to McCloskey Hospital in Temple.

The Society will not meet again this year, but will meet at the church on the 2nd of January, 1956, for a business meeting at the church, at 3 p.m.

Judge and Mrs. O. D. Graham, Mesdames Bartow Jackson, John Ryan, Allen Dodson and Florence Markham attended the dedication service fo the Meadowbrook Baptist Church in Rockdale.

The attendants report an awe-inspiring edifice and service and that the Teal following the service was lovely.

## That Santa Has Appeal For All Ages Attested

The TEL Class of ladies of the First Baptist Church had their annual Christmas party at the home of Mrs. I. N. West Thursday, December 15.

To prove that Santa Claus is popular among the elders, Mrs I. N. West pointedly made it plain that her class is made up of ladies who are sixty - five years of age or better and that St. Nick visited each of them at the party. accompanied by the tune White Christmas.

"The Warmth Of The Star" and "God Loves The Aged" were readings by Mrs. West.

## Miss Denson In Play

Miss Dierdre Denson, daughter of Mr. and Mrs. T. L. Denson, 300 E. 6th, Cameron, was included in the cast of "Murder in the Cathedral," a liturgical play by T. S. Eliot, which was produced by Southern Methodist Unviersity's Canterbury Players in St. Alban's Chapel at SMU.

Miss Denson, a junior at SMU is a graduate of Hockaday, Dallas and formerly attended the Universtiy of Houston. Her major subject is physical education.

She was in the chorus of the play.

## Uniformed Services Add One Dentist To Commissioned Roll

A total of 3,389 Texans entered the uniformed services in November, 2,674 being separated during the same time, according to an announcement Tuesday by Lt. Col. Morris S. Schwartz the State Selectvie service director.

Of the 3,389 entering the service 2,432 went in by volunteer means the remaining 957 being drafted. A total of 462 draftees went into the Army, and 475 entered the Navy.

There were 525 volunteers reported for the Army, 733 for the Navy, 185 for the Marine Corps 972 for the Air Force, and 17 for the Coast Guard.

Colonel Schwartz pointed out that many of the 957 draftees actually volunteered through the draft boards. Draft boards are notified of the enlistment of men from their area by the different departments of the armed forces.

During November. state draft boards were notified of the separation of 1,412 Army personnel, 541 men from the Navy, 147 from the Marine Corps, 568 from the Air Force, and six from the Coast Guard.

The Army examined 2,031 men for state draft boards during November and found 736 unacceptable for service, a rejection rate of 36 per cent. The 1,295 found acceptable will be used to fill future calls on the draft boards.

Fifteen doctors and dentists were examined during the month, with four being found unacceptable. One dentist was commissioned after receiving an order to report for induction.

## "BANK OF THE SOUTHWEST" IS NEW NAME FOR HOUSTON'S LARGEST NEW SKYSCRAPER

Bank of the Southwest

"Bank of the Southwest" is the new name for Second National Bank of Houston, it was announced this week by Col. W. B. Bates, chairman of the board of the bank, Houston's oldest banking institution. "The name, 'Bank of the Southwest' was selected because it indicates better the expansive territory served by the bank," said Col. Bates. "Symbolically, our new 24-story building, now 85% completed, will be one of the largest in the Southwest," Col. Bates added. Bank of the Southwest Building will occupy a full city block, and will be Houston's first all-aluminum skyscraper.

Chrysler's wonderfully convenient Pushbutton drive is on the left side where no one but the driver can reach it.

## Push this button and all other cars seem outdated!

**15 minutes in the new "PowerStyle" Chrysler can change a lifetime of buying habits!**

Push that "D" button and step on the gas. You're off like a shot. Now you're eating up the ribbon of road in front of you. A curve comes up and bends around behind. What was a hill has vanished. The scenery itself must be moving, not you!

What accounts for this magic? A whole new series of Chrysler engineering developments. Pushbutton PowerFlite transmission . . . a bigger airplane-type V-8 engine, more powerful than anything in its price class . . . full-time Power-Pilot Steering . . . and newly designed PowerSmooth Brakes that bring you to the world's safest, smoothest straight line stops.

Chrysler, with its low center of gravity, rivals the cornering ability of a racing car.

All this you see reflected in Chrysler's "PowerStyle" lines . . . the new Forward Look . . . the new look of power.

If you're now driving one of the other two major cars in Chrysler's price class, come in and make a direct comparison. Just see if Chrysler doesn't make everything else seem outdated!

**ORDERING A SPECIAL ELECTION TO BE HELD IN THE CITY OF CAMERON, TEXAS TO DETERMINE WHETHER PROPOSED CHARTER, AS FRAMED BY THE CHARTER COMMISSION OF SAID CITY, SHALL BE ADOPTED FOR THE CITY OF CAMERON.**

WHEREAS, the City Council of the City of Cameron, Texas did on the 16th day of February, 1955 by ordinance duly enacted, and approved by the Mayor, call an election to be held on the 5th day of April, 1955 for submission of the question, "SHALL A COMMISSION BE CHOSEN TO FRAME A NEW CHARTER?"; and, whereas, said election was accordingly held and resulted in an affirmative answer to said question by a vote of 349 in favor of choosing said Commission, and a vote of 185 against choosing said Commission, and also resulted in election of Charter Commission of fifteen qualified voters of said City, to-wit: Narvie Caperton and fourteen others as permitted and required by Articles 1165 and 1166 of Vernon's Ann. Civil Statutes of the State of Texas, 1925, results of which election were duly established by resolution duly passed by said City Council, and approved by the Mayor, at a regular meeting thereof on the 5th day of April, 1955,, canvassing and declaring the results of said election; and, whereas, said Charter Commission has fixed, and said Council has approved, as the date on which to hold an election submitting the Charter framed by said Charter Commission to the qualified voters of said City, the last Saturday in January, 1956 the same being the 28th day of January, 1956, a date not less than forty nor more than ninety days after the completion of the work of said Charter Commission; and, whereas, the said governing body of said City has caused its City Secretary to mail a true copy of said proposed Charter to each qualified voter in the City of Cameron, as appears from the tax rolls of said City for the year ending January 31, 1956, same being the January 31st preceding the said 28th day of January, 1956, on a date not less than thirty full days prior to said 28th day of January, 1956:

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS, THAT:

1. A special election shall be held on the last Saturday of January, 1956, the same being the 28th day of said month, submitting to the qualified voters of the City of Cameron the proposed Charter, framed by the Charter Commission of the City of Cameron, for their acceptance or rejection. Said election shall be held at the City Hall in the City of Cameron, the polls opening at 8 o'clock a.m. and closing at 7 o'clock p.m. of said last mentioned date; and the following are hereby named and appointed as officers of said election:

B. J. Matocha, Presiding Judge, George McGehee and Dan Gunn Judges, and Miss Mary Burns and Mrs. R. W. Bennett, Clerks; and said Presiding Judge shall appoint such other necessary Clerks as may be needed to assist in holding such election.

2. Said election shall be held and conducted and returns made under the provisions of the Constitution and laws of the State of Texas regulating elections so far as same are applicable, and under Articles 1166, 1167, 1168, 1169, 1170, 1171, 1172, 1173, and 1174, as amended, Of Chapter 13 (Home Rule) of Title 28, of Vernon's Texas Civil Statutes, 1925, and under the Ordinances of the City of Cameron.

3. None but persons who have attained the age of twenty-one years, and have resided within the corporate limits of the City of Cameron for the six months next preceding the date of said election, and who are qualified electors under the laws of the State of Texas, shall be entitled to vote in said election.

4. The form of the ballot to be used in said election shall be substantially as follows:

**"OFFICIAL BALLOT"**

**Note: Voter's Name To Be affixed On Reverse Side**

**FOR THE CHARTER**

**AGAINST THE CHARTER."**

5. Those desiring to vote in favor of adopting the proposed charter shall strike out the words "Against The Charter"; and those desiring to vote against adopting the proposed charter shall strike out the words "For The Charter."

6. A copy of this Resolution ordering election aforesaid, signed by the Mayor of the City of Cameron, shall serve as a proper and legal notice of the election to be held as herein ordered on Saturday, January 28th, 1956. The Mayor is hereby authorized and directed to cause notice of said election to be posted by the City Marshal at the City Hall, at the door of the Milam County Courthouse, and at one other public place, in the said City of Cameron, Milam County, Texas for at least thirty days prior to the date of said election; and said Mayor is further authorized and directed to have notice of said election published in some newspaper of general circulation published in said City of Cameron, Texas, which said notice shall be published for four consecutive weeks, the date of the first publication to be not less than thirty days prior to the date of said election.

Offered by Milton J. Schiller, Alderman, Seconded by Roy Weems, Alderman, Passed at a duly constituted and authorized meeting of the City Council of the City of Cameron, held on the 12th day of December, 1955; and APPROVED the same date.

### LITTLE RIVER PHILOSOPHER ADVISES IKE NOT TO THINK GADGETS ON HIS TRACTOR WILL ELIMINATE THE WORK.

Editor's note: The Little River Philosopher on his Johnson grass farm on Little River is giving advise to the President of the United States this week, unsolictied, of course.

Dear editar:

With the natural interest of one farmer for another, I've been keeping up with all the gifts that friends have been sending President Eisenhower for his farm at Gettysburg, and last week I was especially interested in a new tractor somebody gave him.

This tractor, as I understand it, is equipped with about everything, including a radio and a cigarette lighter.

Now all along I have suspected that some of these gifts, say like this new tractor, are coming from Democrats who hope to make the farm so attractive Ike will give up the White House for it, but the point I want to make is that it doesn't make any difference how many gadgets a tractor has to relieve the monotony, nobody has ever figured out how to eliminate a driver, and that's where the rub comes in, as if you hadn't already seen farmers standing up occasionally to plow.

You can equip a tractor with a radio, television, cigarette lighter, coffee maker, ice cubes, high fidelity phonograph, two-way telephone, push button transmission, wrap-around windshield, power steering, white sidewall tires and an engine that uses atomic energy for fuel, but essentially it's still a plow designed to go up one row and down another, while there are worse jobs, you sit on one for eight or ten hours and you won't find the television program invented yet to keep you up past bedtime.

I know they're experimenting with tractors that operate by remote control, set the dial and let em plow all day un-manned, but you let one of em hit a field with a few point rows in between two terraces or a field with a few boulders or stumps, and you're gonna have a tractor on your hands with a nervous breakdown.

Understand, I'm in favor of all these new improvements, riding a tractor beats following a mule on foot, but sitting on a bank fishing beats either one. In fact, as I understand the goal of tractor manufacturers, it's to get a a tractor that takes all the work out of farming, but I've found fishing does the same thing without nearly the investment.

Don't let em trick you with hose gadgets, Ike. Farming is work.

## For Bob Hope: Flowers-Across-The-Sea

His first Christmas gift of the season, a scarlet poinsettia, is admired by Bob Hope in his Hollywood studio. The plant was cabled to Hope by the British stars who'll work with him in a television program to be staged in London and shown over the NBC-TV network on December 27. Hope's second overseas television program will be produced in Paris and shown over NBC on February 7. American florists expect to do an unprecedented business this year in filling wire orders for poinsettias and other plants being sent throughout the U. S. and all over the world.

## Christmas — A Holy Birthday

'Twould be presumptious indeed to attempt a discussion on "THE Meaning of Christmas", for Christmas means many things to many people. Even in the Christian segment of the world there is a variety of significance in the Yuletide Season. For some, it means parades, bright lights, and gaily decorated windows etc.

For some, it is a time to be good so that Santa will be generous. Still others think of Christmas as a time for merry-making, an occasion for revelry, loud noises, and festivities. Some few think of Christmas as a time of warm-hearted joy commemorating Gods' greatest Gift to the world—His own Son, born as a baby.

Perhaps deep in his heart every Christian remembers that Christmas is the birthday of the Saviour, but his difficulty seems to lie in the way he applies the significance of that birthday to his own life. I read somewhere recently that of the more than forty billions of people who have lived on this earth during the period of recorded history, only a little less than three billions of them have known liberty. The other billions lived in tyranny, oppression, injustice, and hopelessness. It was into that kind of a world that Jesus was born more than nineteen centuries ago. For every oppressed person in every succeeding generation this was a ray of hope, a message of peace. God had not forgotten His creatures. In the centuries since that most important date in human history, the light has flickered many times, but has never gone out That light of liberty seems to be flickering at this Christmas season as oppression and hatred are spreading across the world like some titanic cancer.

Surely here in America we have cause for much joy and gratitude to Almighty God for countless blessings. But even here, there are tremendous forces at work seeking to enslave individuals and to destroy the nation. As we count our blessings at Christmas time, let us cherish our liberty. What does Christmas have to do with Liberty? It is to Jesus, whose birthday we commemorate, more than to anyone, to whom we owe our liberty. It is to Him alone that we owe our personal liberty. "And ye shall know the truth, and the truth shall make you free" (John 8:32). That liberty must first come to the individual soul as he lets the Lord Christ free him from the shackles of sin and the terrible fear of its consequences. To every person who has found that blessed freedom Christmas means everything. And as individuals are made free, there comes freedom from oppression, freedom from hatred, and a vast good-will among men. Indeed, the announcement by the angels to the shepherds on the Judean hillside was, "Glory to God in the highest, and on earth peace among men in whom. He is pleased." And why would this be? "For unto you is born this day in the city of David a Savior, who is Christ the Lord." May that blessed peace and liberty be the lot of an increasing number at this Christmas time.

## King "Butch" Of The House Of Polzer Crowned In FHA Ceremony

The Future Homemakers of America crowned their "King of Hearts" at a Christmas party attended by about 100 members and guests Monday at the Yoe Gym.

Stephen "Butch" Polzer won the votes if not the hearts of the ladies and to keep him from being entirely alone in the coronation proceedings Billy Slavik who was King of Hearts in 1953 was again given the regal adornment.

"Spotlight On Stars," was the name of a fictional TV broadcast in which Marye Horstmann, mistress of ceremonies, Gloria Harbor, announcer, Colleen Damron, Milly McCall, Betty Lou Gibbs and Rita Moraw, commercial sponsors, Cindy Curtis, Carol Boyles, Beverly Schiller, Anita Trdy, Elizabeth Newton, were singers, Beverly Morgan, Lydia Elavik, Ann Graham and Mary Atchley presented a skit entitled "The Three Bears". Bernice Zarosky was production manager.

## Farm Employers Must File Return Before January 31, 1956

Farm employers are reminded by R. L. Phinney of the Internal Revenue Service that social security taxes apply to cash wages paid to every farm worker to whom the employer pays $100 or more cash wages during the year 1955. The taxes (2 percent employer tax and 2 percent employee tax) apply only to cash wages paid to covered farm workers, Mr R. L. Phinney said.

Every farm emplyoer who owes these taxes must file a return on Form 943, and pay the taxes on or before January 31, '56. Farm employers should file their returns on time in order to avoid the penalty which may be charged for late filing.

Any employer of covered farm workers who has not alreday registered with the district director's office should do so at once. The registration form SS-4 can be obtained from any Internal Revenue or Social Security office. The district director will mail the necessary return forms and instructions to all registered employers.

## Writer Views Whitehouse Confab With Alarm As CIO, NAACP, NEA Ideologies Presage Much

By W. T. Hance

Having been a member of the Texas Steering Committee on the White House Conference on Education from its beginning last summer, this writer had access to all instructions and explanations which came out of Washington in preparation for the White House Conference. Perhaps that is one reason he was somewhat disappointed in the final outcome. In all literature which was sent out from Washington, requests were made that not more than on third of delegates be professional school people because they wanted expressions from lay people — "Grass Roots Thinking on Education and its Problems".

In another article he attempts to give a factual account of how the conference operated and stated that in his opinion all or most of the participants he met were sincere in their opinions and tried to do a good job.

His disappointment stemmed from two or three sources. In the first place Educators and those who make their living from some phase of Education were in the majority at the conference as delegates. Therefore, the recommendations which came out of the conference were the same that Educators have been making for years. The same questions that have been discussed in educational magazines and at professional educational meetings for years were discussed at the White House Conference. Few if any really new or refreshing ideas or thoughts were advanced. This was due, in this participants opinion, to the fact that the conference was "stacked" or "overloaded" with professional school people. At Table 45 every participant was a "professional" excext the rancher from Wyoming and the school board member from California. This participant personally checked 13 other tables and found the same thing true at those tables. Therefore, man from Texas at Table 45 does not believe the final report of the Conference reflects the "grass roots" thinking of the United States. In the second place, those who had charge of the White House Conference were so determined that it be conducted on a democratic basis that they fell prey to Pressure from three sources — The National Education Association, The National Association for the Advancement of Colored People, and the CIO.

**CIO Uses PAC Methods**

The delegate from Central Texas and his party arrived in Washington on Friday night before the conference was to open on the following Monday night. The CIO delegates were already in town and holding a meeting at their Washington headquarters being briefed and to plan their strategy. All Washington newspapers carried full coverage of their meetings. Does that sounnd like "grass roots opinions" without pressure or organization? Was it coincidence that the NAACP tried at every opportunity to inject race hatred into the meeting by trying to pass resolutions casting reflection on delegates from Southern states who sincerely feel that it is best for both races to have SEPERATE but EQUAL SCHOOL opportunities? Six problems were presented to every delegate before he left his home state. Emphasis was put in [illegible] communications with delegates that Segregation was not on the agenda and would not be discussed.

This participant is a life member of the National Education Association but that certainly does not mean that he agrees with the policy making group at the top of this organization. This group has for years been trying to get control of education away from the local communities.

**TOO Many top executives from the NEA were in evidence for this writer not to think there was some organized effort to have it done that way. This NEA group, in this writers humble opinion, wants to place itself in position to be the employer and also the employee. Instead of letting the man who pays the bill tell school officials what to do with his schools, the NEA wants him to let school officials tell him what he wants them to do with his schools. THERE IS A VAST DIFFERENCE.**

Before the Conference was well under way it became plainly evident that organized efforts were already under way to bring out a strong report favoring more Federal support to Education.

This writer is of the opinion that legislation in some form or other for Federal Aid will come before Congress. Just how strong it will be will depends on 2 factors; (1) both major parties will be trying to take credit for it; (2) and a strong bid will be made by private and Parochial schools to have their school students included in any Federal Aid Bill. As previously stated this participant is opposed to any further federal aid because he believes it cannot be done without further Federal control. He further believes that Federal control of education would eventually lead to a socialistic form of Government. He loves America as he has always known it.

## A Christian Christmas

Very much indeed, depends upon a proper approach to every important experience in life. Without this prepartory readying of our minds, we shall surely lose very much of the delight of this greatest day of all the year.

It is interesting to note how helpless was Herod, the Pagan king, to naswer the Wise men, who came to him asking one of the greatest questions of all time "WHERE IS HE THAT IS BORN KING OF THE JEWS?" Perfectly reasonable were the wise men in coming to Herod. What other man should so surely know how to answer their great question?.

But not to Herod was the place of His birth revealed. Not to the power jealous Herods, of that or this day, was the wisdom given! Not to kings or rulers, but to humble shepherds came the music of an angel chorus. Only to those humble enough to fully trust is the story of Heaven's Redeemer made known.

When the child of the First Christmas song, went out for twelve men to herald his story, still not to the Herods, nor the Caesars living in Kings houses, but to simple men of the out of doors, whose daily task took them to the places where the God of the majestic forces of nature, whose majesty is revealed in lake and stream; in starry heavens, and thunder clouded skies, where His voice is heard by men of simple faith, here the Christ of Christmas found the men who could give the Christmas story, the unartful tribute of open heart and willing mind.

O that Herod had known the answer! O that the Herods of our day knew it! With the whole world trembling as we open our morning paper and turn on the radio, only to hear of greater and greater destruction being set for the earth, to come, could we but listen, the angel song, still seeks ears to hear, eyes to see, hearts to understand. So might every man and nation receive the greatest gift of all, in the peace the angels promised in the first Christmas hymn.

PEACE!!! O where shall peace be found? "Peace", sang the angels at His birth. "Peace", He promised, with His last word to as many as received Him.

A deep pathos denies the spirit of Christmas, to many thousands, who see but another day of surcease from toil, or some kind of sesame to intemperate eating or drinking. Poor, self-cheated ones who have not the eyes to see, ears, to hear, hearts to understand! Lord open the way into these desert lives!

No one can have true Christmas without Christ. To seek Christmas without him is but seeking to be satisfied with the counterfeit of the Gold Coin.

**Can we Have the daylight without the Sun?**

Neither can we have Christmas without Christ.

Humbly, may I join with all my Christian Brethren in wishing you, the blessings of a Christian Christmas.

Rev. C. H. Morris

## Family Fare Largest Gas Oven On Market

Combining the most popular range size with the demand for an oven big enough for modern cooking, Magic Chef, Inc., has introduced a complete new style in gas ranges in its 36" Family Fare oven line for 1956.

The Family Fare oven is the largest gas oven on the market, 26" wide, 15" high and 18" deep, with 7,000 cubic inches of cooking capacity. It will bake half a dozen pies at a time, as well as oven meal combinations which cut hours every week from the homemakers cooking time. Four inches of wall insulation, an extra thick door, also heavily insulated, and a heat resistant silicone seal around the door opening keeps heat inside the oven for cooler kitchens and better baking.

This completely new range has many other features which rank as "firsts" in the gas range industry.

## The Real Christmas

If you have ever [illegible] in Carlsbad Cavern when they turned out all the lights when you have experienced total darkness. I am sure that you do not care to live in that state of life. Yet the world lays in spiritual darkness just that black and foreboding when Jesus was born in a manger nearly two thousand years ago.

The Jewish people as a whole were spiritually blind. The self righteous Pharisees who claimed his own self goodness, yet was cold, hard and unmerciful to his fellowman. The Sadducees had ceased to believe in their God as one who had miracle working power. They ceased to believe in the resurrection of the dead. And then there was the Publican, the out right sinner, who made not claims what ever for himself as being righteous. He realized he had sinned. He realized he had a need for the Lord, because of his sinful condition. Then there was the heathen, pagan world of the Romans, all over the civilized western world. Truly the whole world lay in darkness and desperate need of true spiritual light.

God was not unmindful of mans need, for the scripture says, "For God so loved the world that he gave His only begotten Son, that whosoever believed in Him should not perish, but have everlasting life." John 3:16. Jesus was born into this world. Jesus came as a light to lighten mans darkness. "A light to lighten the Gentiles, and the Glory of thy people." Luke 2:32. The star was the light that led the wise men from the east to the Babe of Bethlehem. What a dark world this was, and still would be if there had been no birth of our Saviour. And Saviour was just what this Child Jesus was to be.

Because Jesus came to be born into the world and to preach and live an example of true holiness and righteousness, and to complete the plan of redemption on the cross, so that by simply having faith in Jesus we might be saved and come out of our spiritual darkness. We now can walk as children of the light because Jesus was born into this world on Christmas Day nearly two thousand years ag.o

## 15,000 More Texas Employers Pay Unemployment Compensation Tax

**Almost 15,000 firms employing four, five, six or seven workers are now in the process of being covered under the recently amended Texas Unemplyoment Compensation Act, Weldon Hart, Chairman of the Texas Emplyoment Commission announced today.**

"Operators of these firms have responded to letters, publicity and efforts by our local offices to advise them of their tax liability. Hart said, "However there are 23,000 more who have not responded as yet. It would be to their advantage to do so immediately, so that penalties and assessment of back taxes can be avodied."

Following amendments to the Federal Unemployment Tax Act last year, the Texas Legislature changed the state unemployment law accordingly. Any business which has as many as four employees on 20 days in 20 different weeks after July 1, 1955 becomes liable for unemployment tax on its payrolls during 1956. Beginning January 1, any firm which has 20 such weeks during a calendar year in which four or more persons are employed on any day, will pay unemployment taxes.

"Not only firms which regularly employ as many as four employees will be affected," Hart explained, "but also a small business which has four people working only Saturdays, or one which regularly has two employees during the day and two others at night, will owe the payroll tax at the end of each calendar quarter."

Any employer who has employed four persons in 20 weeks during 1955 should notify the Texas Employment Commission in Austin now, Hart added, so that an explanation of how to comply with the law can be sent to him.

"We have had little experience yet with the 35,000 firms that have four to eight employees, "Hart said, "but we think that the group includes many, many stable firms that have very low turnover—the drug store, grocery, barber shop, service station and cafe. This stability suggests that unemployment insurance claims may be made very rarely, and consequently tax rates can be held low."

The opportunity to save taxes through the "experience rating" system in the state law is one of the reasons why the Legislature brought in the smaller firms. Had the Legislature not done so, these employers of four to eight would have had to pay a full 3 percent federal tax Under the Texas "experience rating" plan, of from 1½ to 2 years can range tax rates after a qualifying period from a maximum of 2.7 percent to a minimum of 1-0 of 1 per cent. The TEC collects the State Tax and the Federal Government collects 3-10 of one per cent for administrative purposes. This feature of state operation of the unemployment insurance program saves Texas businessmen millions of dollars each year.

## 1955 Income Tax Forms To Reach Taxpayers Jan. 10

**The 1955 income tax forms and instructions to individual taxpayers will be mailed between December 27 and January 10 from Kansas City, R. L. Phinney, Director of Internal Revenue in Austin, announced today. "Taxpayers should postpone their inquiries regarding these forms until after January 10. The vari-colored stripes will not be in style this year," he said.**

**"Taxpayers receiving tax blanks and instructions by mail should not misplace or discard them, but should save them for use in filing their tax returns, since the supply of instruction phamphlets is limited," he added.**

**A study of the new tax forms shows a few changes which make**

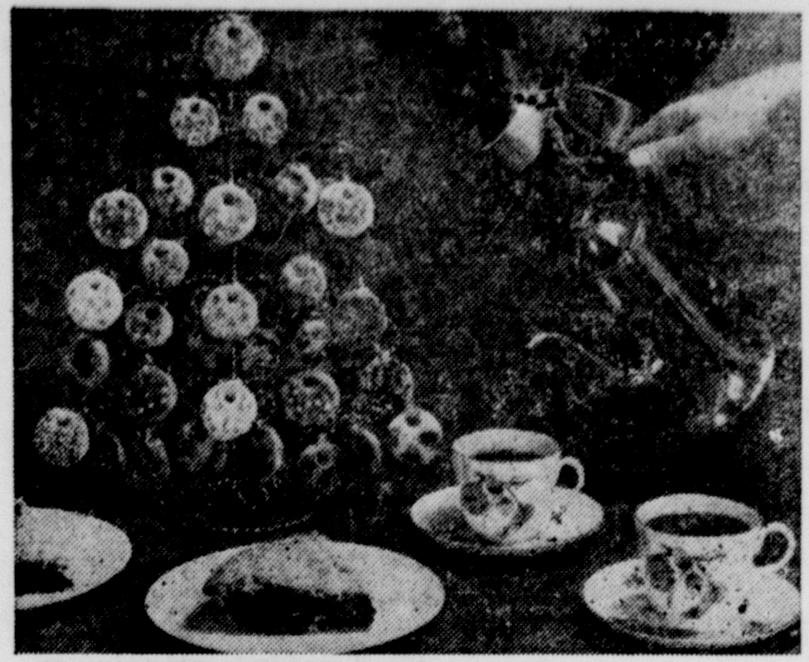
# Christmas Decor You Can Eat



Here's a quick and easy way you can make unusual and beautiful Christmas tree decorations that look good enough to eat. In fact, you *can* eat them — they're made from frozen ice box cookie rolls obtainable in the frozen foods section at your grocer's. There's no end to the variety of decorations you can make from Simple Simon frozen cookie rolls. Let your imagination run wild. Decorate each cookie differently, using frosting, colored sugars and cake decorating candies. Let the children in on the fun of making these easy, tasty ornaments. Also hang cookies on a small wire or plastic hors d'oeuvre "tree" to make a festive table or buffet decoration.

### Christmas Cookie Tree Ornaments

Slice Simple Simon frozen cookie rolls and place on cookie sheet. Put one piece of uncooked macaroni through each cookie about ½ inch from the edge to make hole for hanging cookie. Bake according to directions leaving macaroni in cookie.

To decorate: Remove macaroni while cookies are warm. In a bowl, mix 1 cup sifted confectioners sugar, ½ teaspoon vanilla and 1 to 2 tablespoons milk to spreading consistency. Add food coloring if desired. Frost a few cookies at a time, sprinkle with colored sugar and decorating candies. When icing hardens, put ribbon through holes and hang on tree.

For a holiday dessert treat, serve Simple Simon frozen mince pie. It's flaky, tender pie crust chock full of real old-fashioned mince meat. All the work is done for you — you simply bake!

## SCIENCE IN YOUR LIFE

### Versatile Antibiotics

Antibiotics have turned out to b one of science's most versatile dis coveries.

First they turned mortality table upside down in the treatment o human diseases. They put more foo on our table b stopping costl plant and anima diseases, too.

Then scientist found that tin amounts of antibiotics added t farm feeds booste weight and growt rate of animal and poultry.

Now scientist report that antibiotics can be use to keep meat fresh for several day without refrigeration. Researcher of Chas. Pfizer & Co., Inc. told o this latest use at the Third Annua Antibiotics Symposium in Washington, D. C.

The investigators pointed out tha only limited amounts of meat ca be handled by drying, salting, smoking, canning and pickling. Mos fresh meat is distributed either b rapid handling in countries withou refrigeration, or by chilling.

Low temperatures, however, slow down enzymes which act to tenderize meat. Injection of Terramyci prior to slaughter, the scientist found, inhibits growth of bacteri and permits higher storage temperatures so that meat can be aged i much shorter time. Tests indicat that as little as one-half part pe million of the potent antibiotic inhibits bacterial spoilage of fres beef, pork and mutton.

Experiments conducted at a commercial packing house in Cub proved that treated beef carcasse remained fresh even when held at 9 degrees Farenheit with high humidity.

In countries such as the U. S. an Canada, antibiotics can undoubtedl be used along with refrigeration. I areas without adequate refrigeration, antibiotics may help to delive a more wholesome product to consumers.

Our very best Holiday wishes to you and yours, this gay and festive season!

## Christmas Greetings from French Morocco

You students and patrons of the Cameron Schools do not know me. You know my daddy, Billy Hanes. I am 18 months old. My name is William Travis Hanes III, My daddy says that you have always beens so friendly to him that Cameron will always be home to him. He says that so many of you gave him so much encouragement that he just HAD TO MAKE GOOD while a student at the U. S. Naval Academy at Annapolis.

My Grandmommy and Grandaddy have been in the school business for a quarter of a century. They tell me that you have made their ten years in Cameron the most happy and most pleasant they have ever had.

My daddy and my mother and I are now in French Morocco with the U. S. Air Force. I don't know where I will go to school but I just hope it will be a place where the people are as friendly and fine to me as you have been to my Daddy. AND SO, from a little American boy who is now very close to the land where Christianity started, may I say to you as TINY TIM said, "GOD BLESS YOU EVERY ONE", for being so good to my Grandparents and to my Daddy, and a VERY MERRY CHRISTMAS and a HAPPY NEW YEAR to you all.

William Travis Hanes, III

## Shower Honors Miss Alene Janek At W. E. Brown Home

Miss Alene Janek of Val Verde, bride-elect of James Schwarz of Sharp was honored with a miscellaneous shower Saturday night at the home of Mr. and Mrs. W. E. Brown.

Hostesses were Mesdames Buck Garner, W. E. Brown, Lenza Caffey, and Mrs. E. L. Modessette.

Miss Beverly Schwarz registered the guests and his aunt and cousin, Mrs. Otis Charles and Miss Merle Charles directed the games.

Tall red candles were placed on each side of a tinsel tree and greenery to form the centerpiece of the refreshment table. A big punch bowl placed at one end of the table and Christmas cookies and napkins at the opposite and completed the decorations on the table.

Miss Nelda Charles presided at the punch bowl.

Presents were placed under a Christmas tree. Santa brought more presents in his pack and stayed to help the honoree open her gifts.

The parents of the couple are Mr. and Mrs. John Janek of Val Verde and Mr. and Mrs. Willie G. Schwarz of Sharp.

The wedding will take place on December 23 in Val Verde.

**INCOME TAX**

the return easier to complete. A new tax table for married tax payers filing jointly eliminates the complicated computation on the return for figuring tax on split incomes.

The simplest form again will be 1040A card devised for the employee whose total wages are less than $5000 and who did not have over $100 of other income. Form 1040 is designed to meet the needs of all persons who do not use Form 1040A.

Accountants and attorneys who need advance copies can get a reasonable supply of forms at district and local offices. Farmers who file and pay estimated taxes by the January 15, 1956, deadline may also obtain the forms they require at district and local offices. All mail requests for forms should be addressed to the District Director of Internal Revenue.

## Milam County Health Unit November Report

Annual immunizations against typhoid, diphtheria and small pox were completed during November in Ad Hall, Buckholts White, and Marak, Burlington schools and the public schools of Sharp, Davilla, San Gabriel and Thorndale. Immunizations were started in Buckholts Colored, Yarrellton colored, Marlow White, Milano white and colored schools and in Gause White and colored schools during November.

Two cases of tuberculosis was reported during November making a total of 27 cases during the first eleven months of 1955. During November three cases were hospitalized.

**Emphasis On Poloi**

As the school immunizations are being completed, emphasis will be put on polio vaccinations. If every child under fifteen were vaccinated between now and the onset of the 1956 polio season, paralytic polio would practically disappear from Milam County. The Milam County Health Unit has polio vaccine available for those children under 15 years of age and all pregnant women who are referred by a welfare agency or a practicing physician.

Regular routine inspections of food and other establishments have been made during the month of November.

The sanitarian was requested to make soil percolation tests on a fifteen acre proposed new housing project in the west section of Cameron. In compliance with requirements of the FHA for septic systems, sixteen percolation tests were made in the proposed subdivision. Also a log of the soil formation to a depth of six feet.

The "Warfaren", a rat poison was received first of the month and the city-county wide rodent control program that began the 15th of the month is, from all reports, getting very good results. The program is being sponsored by the Milam County Farm Bureau, The County Agents Office and the Local Health Unit.

## Twelve Men Register At Local Draft Board During November

The Milam County Draft Board issued and mailed three orders for induction and fifteen orders for preinduction physical examination scheduled for January 11.

Those men receiving orders for induction will be inducted without further waiting period on January 11, while those receiving orders for preinduction physical examination will be examined on January 11 and returned to their homes to await further instructions.

An unusually small number of men registered with the board office during November, as follows: Crider, Jr. Alvin Lawrence, Buckholts; Williams, Bobby Brindlley, Cameron; Wied, Stanley Fred Burlington; Beard, Donald Wyatt, Thorndale; Stephens, Charles Dean, Cameron; Duncan, John Davis, Cameron; Harris, John Charles, Rockdale; Caffey, Kenneth Dow, Thorndale; Locklin, Neville Newell, of Thorndale Key, Thomas Bruce, Rockdale; Jedlicka, Paul Anton, Cameron; Tepera, Ben Louis, Jr., Cameron.

August G. Kunz, Chairman of the board, reminds young men of their responsibility to register as soon as they become eighteen or after being discharged from active military service. "The fact that a young man has let his eighteenth birthday slip upon him without reporting for registration does not have his obligation removed" says Kunz "and should report to the local board office without further delay."

# Roundtable Americana Is "Tale Of Table 45"

**By Supt. W. T. Hanes**

This will be a factual account of the writers participation in the White House Conference on Education. In another article I give my personal impressions of the White House Conference.

This is to story of table 45 at the White House Conference on Education held in Washington on November 28 through December 1

The attitudes of participants at table 45 were summed up in this statement—"This 4 day work meeting has demonstrated to us that men and women everywhere can sit down around a table and discuss their common problems with a tolerance not now known in international political circles IF THEY GO TO THAT TABLE WITH GOOD WILL IN THEIR HEARTS."

The story of table 45 is typical of the 166 tables around each of which were seated 11 participants who had been grouped by an electric machine like the one used on the "64,000 question show." The automatic machine was not supposed to be impressed with names and official position back in one's own community. At each table there was supposed to be no more than one member from any one state. This meant that the 70 member Texas delegation had a representative of 70 of the 166 tables.

The automatic business machine placed me at Table 45 with a cattle rancher from Wyoming who is a member of a school board with a district 50 miles long and 15 miles wide with 15 children; a housewife from Pennsylvania, particularly interested in the Amercian Association of University Women, a housewife from Indiana, concerned with the American Legion Auxiliary; an elementary teacher from Washington D.C., A professor of Education and former State Director from Ohio; A head Master of an elite private school in Baltimore; a catholic Priest in charge of a University in Puerto Rico; a builder's supply dealer and member of the Board fo Education in Santa Ana, California; a member of the staff of Rutger University, and secretary of the Ford Foundation from New York City.

In the Exposition Hall in the sprawling Sheraton Park Hotel the bedlam of simultaneous discussions going on at the same time at row after row of tables seemed to cause little real disturbance, such was the intensity of interest of each grouping of 11 at each table. Any Texas Observer, during any lull in the discussion at his table could spot a Texan participant at some other table enthusiastically orating in terms of his point of view.

At one table Governor Allan Shivers could be observed in give and take of the discussion with no member at his table showing particular deference to his distinguished position at Governor of the great state of Texas, at still another table state senator Penrose Metcalf of San Angelo could be seen participating in the same manner.

To set the theme of the conference and charge the atmosphere for 4 days of hard work, President Eisenhower gave a key note informal talk to the group by way of film prepared at Gettysburg just a few hours before the opening of the conference. His brief talk was followed by an address in person by Vice President Nixon. To add momentum to the inspirational "send-off" of the President, the Vice President had with him on the platform members of the cabinet, Special Assistant to the President, Nelson Rockefeller; Presidential Aide Sherman Adams and other distinguished members of the President's official family.

The contributions of table 45 began to take form when the group crystallized its thinking into definite statements of policy which were transmitted through group chairmen to the special group of conference chairmen for rejection or inclusion in the final report which was sent to the President. Table 45 took considerable pride in the fact that so many statements from its group were included in the final report of the conference. In response to the first topic; "What should our schools accomplish?" Table 45 insisted on the importance of increased emphasis in the elementary schools on the fundamental studies of the 3 R's. This statement of policy concurred in by all groups became the first item in the final report.

On the second topic; "In what ways can we organize our school systems more efficiently and economically?" Table 45 participants, while admitting that many schools in their home states were too small for economic and efficient operation and, therefore should be consolidated, were adamant in insisting that many were too large to maintain the "human touch" in teacher pupil relations and therefore should be decentralized. As stated to the newspapers in the final report of the Conference the contribution of table 45 to the question read as follows: "Schools should be Large enough to have resources and pupils sufficient to offer efficient and economic comprehensive program but small enough not to lose the feeling of oneness or group solidarity in teacher-pupil relations, community interest and Public Good Will. The Policy statement of table 45 in response to the topic "What are uor school building needs?" came after extended and serious discussion. It appeared as follows in the final report. "The Federal Government should have no control over building plans and specifications. The States should establish minimum building standards for health and safety, but specific building plans and specifications should be the responsibility of each local community."

When it came to the fourth topic "How can we get and keep good teachers?" the major contribution of table 45 to the final report was its statement which declared that "recruitment of qualified former teachers should be facilitated by the use of state surveys of potential teachers; by provisions of restraining programs which are practical and dynamic; by making available scholarships for in-service and pre-service training programs; and by changes in restrictive laws governing tenure and employment.

**Federal Aid stirs controversy**

Topic five on—"How can we finance our school build and operate them?", was the only topic of the six on the agenda which caused a "split in the ranks" of table 45. Nine of the participants surscribed to the statement of policy appearing in the final report of the conference as follows —"That local districts on basis of need, after reasonable effort on the state and local levels had been demonstrated, should be given supplementary aid for the school buildings only from Federal funds with the understanding that federal aids should never be permitted to become a deterrent to state and local initiative in education." The rancher from Wyomnig and the central Texas representative from Cameron held out to the last opposed to any further type of federal aid whatever and submitted a minority report which read as follows—" "Individual initiative and Independent thinking of the individual without aid from the federal government has built the United States of America into the greatest Nation on Earth. We believe to expect Federal Aid without some form of Federal control is expecting what never has been and what never will be true. Therefore, we are unalterably opposed to any further participation of the Federal government in the field of Education in any shape, form, or fashion because we fear it will ultimately lead to a "STATE SYSTEM OF EDUCATION" and when that happens we have changed the form of Government which we have always known and will be plunging rapidly toward a socilistic form of Government which we have always known and will be plunging rapidly toward a socialistic form of government and will therefore, be an easy prey for the totalitarian forms of Government which we abhor."

For the discussion of topic six, "How can we obtain a continuing Public Interest in Education? a harmonious spirit again prevailed and the group unanimously supported a series of recommendations based on the thesis that good public relations depend upon Unity of Purpose, CO-OPERATION, and individual and group effort. The formal existence of table 45 began the morning after Vice President Nixon's address and closed with the roport on topic six But these points mark neither the actual beginning nor the end of table 45.

The story began when President Eisenhower issued an invitation to the Governors of each of the 53 states and territories to hold state "White House Conferences", preceded by "little White House Conferences" in local communities. All this in preparation for what has proved to be thus far the most momentous conference on Education ever held by invitation of any President.

Table 45 and all other tables really started at the local level throughout the states and territories just like the Conference held in Yoe High School at Cameron last October followed by a District conference in Temple and then the State Conference held in Austin last October 30—31.

The Texas Conference was planned by a 21 member steering committee appointed by Governor Shivers last July. This Steering committee was also charged with responsibility of appointing the remainder of the 67 delegates from Texas. Each state set its own policy by which delegates would be appointed. State participants were augmented by representatives of some 200 organizations and by some 300 representatives from Press, Radio and TV, and by official OBSERVERS some 50 of whom represented foreign countires.

The story of Table 45 did not end with the discussions of the final topic on "Continuing Public Interest in our SCHOOLS." The story of table 45 will end when problems of public education and through lethargy do not strive to put their thoughts for better schools into action in their own communities and states.

Two things that make for SAFER driving!

The first and most important thing is you – the driver. The courtesy, care, and common sense you show count more than anything else.

The second thing is the car itself. *All* cars are safer today. That's shown by the number of accidents in relation to the number of miles passenger cars are driven. The figure's down sharply.

Chevrolet has always made safety a major consideration, introducing many such features as the all-steel top, into its field. And this '56 Chevrolet is the safest one ever built.

Its lively new power means safer passing. Its special Ball-Race steering—oversize brakes with Anti-Dive control–bring easier, surer driving. The Unisteel construction and safety door latches of its Fisher Body—the nailed-to-the-road stability that comes from advanced suspension and better balance – the sweeping panoramic windshield – all these things add to your safety.

Seat belts with or without shoulder harness? Instrument panel padding? Of course, they're available at extra cost. As your Chevrolet dealer, we'll be glad to show you the many safety features of the '56 Chevrolet.

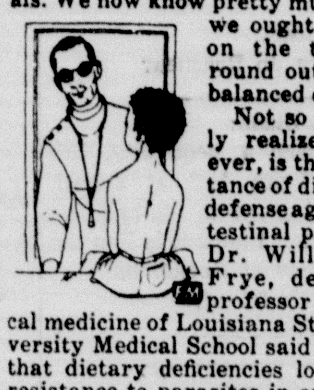
## SCIENCE IN YOUR LIFE

### Plundering Parasites



Diet is more than just a four letter word for food. Nutritionist have piled up a mass of knowledg about food in terms of proteins, fats carbohydrates, vitamins and miner als. We now know pretty much wha we ought to hav on the table t round out a well balanced diet.

Not so generally realized, how ever, is the impor tance of diet in ou defense against intestinal parasites Dr. William W Frye, dean an professor of tropical medicine of Louisiana State University Medical School said recentl that dietary deficiencies lower ou resistance to parasites in our intestinal tract, and leave us open t infection.

Dr. Frye described a series o laboratory and clinical studies o intestinal infections ranging from outbreaks in a rural Tennessee town to an epidemic in a Korean prison compound. The studies, Dr. Fry said, show that the relationship between diet and parasitic infection is striking.

Improper or inadequate food supply may produce changes in body tissue that are favorable to the parasites, the dean pointed out. Only slight changes are sufficient to throw our defenses out of line. Specific vitamin, protein and other nutritional deficiencies were found to be prevalent in many cases.

These studies have shown that ou resistance to parasitic infection depends largely upon diet, constitution and age. To serve in developing the most potent resistance to parasites he adds, diet must include adequat vitamins, minerals, and other substances essential to a well-balanced ration.
